

# SWEETS COLLECTION

We are QtiePopp,  
the twin fairies from  
the wonderland of  
sweet snacks!

We are introducing  
sweets and snacks from  
Japan and making you  
extra happy!!

## Outline

Organized in 1959, Japan TACOM is an association of Japanese confectionery and snack manufacturers, currently consisting of 41 companies and 3 organizations. We have been participating in major food exhibitions internationally since 1982 to promote high-quality Japanese sweets and snacks to the world. Our global appearance has been a great contribution and success for the world to love safe and delicious Japanese food products.

**CANDIES**

**FROZEN  
DESSERT**

**CRACKERS  
& CHIPS**

**GUMMIES**

**So Many  
Flavors,  
So Many  
Smiles**

## BAKERS' CONFECTIONERY

## CAKES

Bakers' confectionery is a group of "sweet stuff" including all our favorites—cookies, pastries, muffins, and the like. In recent years to cater to healthy choices, confectionery has grown to be less sugary and much more creative in shapes, flavors, and colors. Gluten- and allergen-free products and whole-grain choices are widely available as well. Look at our variety!

The ingredients of our cake products are carefully selected for the best quality. That's why they taste so delicate and moist, yet so fluffy. Our bakers dedicate so much time and their heart to develop the right texture just so they can see the customers' happy faces. Many products are conveniently individually packed so you can enjoy them anytime, anywhere!

## CHOCOLATE SNACKS

## NUTS

Everyone loves chocolates. No doubt. And look how many varieties of chocolate products we have here. And try how perfectly blended they are to melt in your mouth. We pay extra attention to its quality and detail. We hope you enjoy not only the solid chocolates but also their collaboration with other ingredients as well. We guarantee you find your favorites.

The nut variety became one of the most popular snacks in recent years. They are tasty, convenient, and can be enjoyed in all kinds of lifestyles. Whether you are looking for a long time favorite or the fresh selection, we have the products just for you. Enjoy the flavors, textures, and aromas of our nut products.

## JELLY

Jellies can be in different shapes and flavors. The popular fruits versions, for example, can be carefully handmade, or they can be served cold or can be drinkable. And from Asia, black bean jelly is a popular variety too. With its relatively low-calorie nature, jelly snacks are the choice of snack among many children and adults nowadays.

## CANDIES

It brings back your nostalgic memories from your olden days when you hear the word, candy. That's because candy has played an important role in cultural traditions and celebrations for thousands of years and continues to be enjoyed by most people. Please try our sugarless and organic kinds for your healthy choice.

## FROZEN DESSERT

Ice creams and popsicles...who doesn't love these all-American frozen desserts. It's just that we made them much more creative than the traditional flavors. What we don't forget is that we always use the highest quality ingredients in our creations. Do you know why? Because frozen desserts are part of our lives!

## CRACKERS & CHIPS

Crackers and chips are the king of snacks. Let us proudly introduce our all-time classics and the new concept varieties. The creators work hard every day to develop new and improved versions and products. They are getting much healthier these days using more natural ingredients. No wonder they are loved by so many people.

# GUMMIES

FRUITY

CHEWY

Did you know the gummy snacks are a cult favorite of the intense fans? We are pleased to introduce you to a wide variety of flavored gummies here. They are all individually packed for your convenience of popping in mouth anywhere.

Way to go ! These are the members of the All Japan Trade Association of Confectionery Manufacturers .
